COVID-19 Cases in Franklin

The chart below details the confirmed, recovered, and isolated cases of COVID-19 in the Town of Franklin. This data reflects the most current information available and will be updated with additional information as confirmed counts are released through the Franklin Board of Health from the state Department of Public Health (DPH). Data for this table is based on information available in the Department of Public Health surveillance database at a single point in time. Case counts for specific cities and towns change throughout the day, as data cleaning occurs (removal of duplicate reports within the system) and new demographic information (assigning cases to their city or town of residence) is obtained. Statewide data is [here](#).
